

Abingdon Naturalists' Society

Birds or Pineapples?

– saving Kenya's ancient coastal forest

an illustrated talk presented by

Ann Scott

Kirosa Scott Reserve, Kenya

Ann Scott explains the threats to the coastal forest through pineapple cultivation and charcoal production. Dakatcha Forest (incorporating the Kirosa Scott Reserve), is an Important Bird Area for migrants and endemics such as the Sokoto Scops Owl.

7.30 pm, Wednesday 24th April,
The Hall, Christ Church, Northcourt Road, Abingdon, OX14 1PL

Non-members welcome: £3.00
